Beautifully dressed boats and beautiful people, The Sacks Group Yacht Hop is incorporated with The Fashion Show which brings everyone together for some real glitz and glam as the island's top models sashay beneath the spot lights on the quay-side runway followed by a dock rocking Yacht Hop.

This year, the fashion show will again be held both on the dock and in the Exhibition Center enabling everyone to enjoy it and while the models are teasing the eye with the latest in casual elegance, waiters cut the thirst of the appreciative audience with a steady supply of chilled beverage. The fashion show is not to be missed!
